For DRC ENGINEERS PVT. LTD.

Effective Date: 24 September, 2026

1. Purpose

Director

For PJ Fab India Structures Pvt. Ltd.

Director

This Memorandum of Understanding establishes the terms and responsibilities under which the Service Agency will provide **Phased Array Ultrasonic Testing (PAUT), Ultrasonic Testing (UT), and related NDT services** to the Contractor.

2. Scope of Services

The Service Agency shall provide, as required:

- PAUT/UT inspection of welds, components, pipes, vessels, or structures.
- Preparation of inspection procedures and scanning plans where required.
- Deployment of qualified and competent NDT personnel.
- Inspection reports and relevant NDT records.
- Calibration and verification of inspection equipment.
- Re-inspection or additional testing as mutually agreed.
- Other NDT services specifically agreed through individual work orders.

3. Responsibilities of the Service Agency

The Service Agency shall:

1. Provide suitably qualified and competent personnel for the agreed work.
2. Use appropriate, calibrated and maintained inspection equipment.
3. Perform inspections in accordance with the applicable project specifications, codes, standards and approved procedures.
4. Maintain proper inspection records and provide reports within the agreed time.
5. Follow the Contractor's applicable site safety and security requirements.
6. Maintain confidentiality of project information and inspection results.
7. Immediately inform the Contractor of any unsafe condition or technical issue affecting the inspection.

4. Responsibilities of the Contractor

The Contractor shall:

1. Provide safe and suitable access to the inspection location.
2. Provide relevant drawings, specifications, weld maps, inspection requirements and other necessary documents.
3. Ensure that the inspection area is ready and accessible.
4. Provide necessary permits, work clearances and site coordination.
5. Provide scaffolding, lighting, power supply, surface preparation or other facilities

For DRC ENGINEERS PVT. LTD.

6. Ensure that components are suitably identified and available for inspection.

Director

For PJ Fab India Structures Pvt. Ltd.

Director

7. Make payments to the Service Agency according to the agreed commercial terms.
8. Notify the Service Agency of any changes to scope or inspection requirements.

5. Personnel and Qualification

The Service Agency shall deploy personnel having qualifications appropriate to the work and applicable project requirements, such as relevant **ASNT/ISO 9712 or other client-specified certification**, as applicable.

6. Equipment

The Service Agency shall provide suitable PAUT/UT equipment, probes, wedges, cables, scanners and accessories necessary for the agreed scope. Equipment shall be maintained and calibrated/verified as required by applicable standards and project specifications.

7. Inspection Reports

The Service Agency shall submit inspection reports containing, as applicable:

- Component/weld identification.
- Inspection date and location.
- Inspection technique and procedure.
- Equipment and probe details.
- Calibration/verification information.
- Inspection results.
- Indications/findings and relevant evaluation.
- Acceptance/rejection status against the applicable criteria.

8. Commercial Terms

The rates, quantities, working hours, mobilization charges, minimum charges, overtime and other commercial conditions shall be agreed in the applicable **quotation/work order/purchase order**.

9. Changes in Scope

Any additional work outside the agreed scope shall be undertaken only after mutual agreement regarding the scope, rates and schedule, except where immediate action is required for safety or preservation of work.

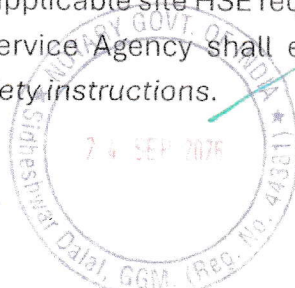

10. Health, Safety and Environment

Both parties shall comply with applicable site HSE requirements, statutory requirements and safety procedures. The Service Agency shall ensure that its personnel use the required PPE and follow site safety instructions.

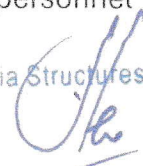

For DRC ENGINEERS PVT. LTD.

11. Confidentiality

Director

For PJ Fab India Structures Pvt. Ltd.

Director

Both parties shall keep confidential all technical, commercial, inspection and project information received during the execution of the work and shall not disclose such information to third parties without prior written consent, except where disclosure is required by law or contract.

12. Liability

Each party shall be responsible for its own personnel, equipment and obligations under this MOU. Neither party shall be liable for indirect or consequential losses except to the extent required by applicable law or expressly agreed in writing.

13. Term and Termination

This MOU shall remain effective from **24/09/2026**, unless extended by mutual written agreement.

Either party may terminate this MOU by giving **30 days' written notice**. Termination shall not affect payment obligations or work already completed.

14. Dispute Resolution

Any dispute arising from this MOU shall first be resolved through mutual discussion between authorized representatives of both parties. If the dispute cannot be resolved amicably, it shall be subject to the applicable laws and jurisdiction of **Rewari**.

15. Force Majeure

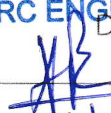

Neither party shall be responsible for failure or delay caused by circumstances beyond its reasonable control, including natural disasters, government restrictions, war, strikes or other force majeure events.

16. General

This MOU represents the understanding between the parties regarding the above services. Specific projects may be governed by separate purchase orders, work orders, quotations or service agreements, which shall define the detailed commercial and technical requirements.
